- 31. Correction of Arithmetical Errors (replaced in BDS)**
- 31.1 Provided that the bid is substantially responsive, the Employer shall correct arithmetical errors on the following basis:
- (a) Only for admeasurement contracts, if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Employer there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
 - (b) Only for admeasurement contracts, if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

- 35.5 If the bid, which results in the lowest Evaluated Bid Price, is significantly lower than the Employer's estimate or seriously unbalanced or front loaded in the opinion of the Employer, the Employer may require the Bidder to produce detailed price analyses for any or all items of the Schedules, to demonstrate the internal consistency of those prices with the construction methods and schedule proposed. If it turns out that the bid price is abnormally low, the bid may be declared non-compliant and rejected. After evaluation of the price analyses, taking into consideration the schedule of estimated Contract payments, the Employer may require that the amount of the performance security be increased at the expense of the Bidder to a level sufficient to protect the Employer against

financial loss in the event of default of the successful Bidder under the Contract. **(As specified in BDS)**

The Employer and the contractors, suppliers or consultants must observe the highest standard of ethics during contract procurement and performance.

By signing the Statement of Integrity (form available as Appendix to Letter of Bid) the contractor, supplier or consultant declares that (i) *“it did not engage in any practice likely to influence the contract award process to the Employer's detriment, and that it did not and will not get involved in any anti-competitive practice”*, and that (ii) *“the negotiation, the procurement and the performance of the contract did not and shall not give rise to any act of corruption or fraud”*.

Moreover, the Employer requires including in the Bidding Documents and Employer financed contracts a provision requiring that bidders and contractors, suppliers and consultants will permit the Employer to inspect their accounts and records relating to the procurement and performance of the Employer-financed contract, and to have them audited by auditors appointed by the Employer.

The Employer reserves the right to take any action it deems appropriate to check that these ethics rules are observed and reserves, in particular, the rights to:

- a) reject a proposal for a contract award if it is established that during the selection process the bidder that is recommended for the award has been convicted of corruption, directly or by means of an agent, or has engaged in fraud or anti-competitive practices in view of being awarded the Contract;
- b) declare mis procurement when it is established that, at any time, the Employer, the contractor, the supplier, the consultant or its representatives have engaged in acts of corruption, fraud or anti-competitive practices during the contract procurement or performance without the Employer having taken appropriate action in due time satisfactory to the Employer to remedy the situation, including by failing to inform the Employer at the time they knew of such practices.

The Employer defines, for the purposes of this provision, the terms set forth below as follows:

(a) Corruption of a public officer means:

- The act of promising, offering or giving to a public officer, directly or indirectly, an undue advantage of any kind for himself or for another person or entity, for such public officer to act or refrain from acting in his official capacity; or
- The act by which a public officer solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another person or entity, for such public officer to act or refrain from acting in his official capacity.

(b) A "public officer" shall be construed as meaning:

- any person who holds a legislative, executive, administrative or judicial mandate (within the State of the Employer) regardless of whether that person was nominated or elected, regardless of the permanent or temporary, paid or unpaid nature of the position and regardless of the hierarchical level the person occupies;
- any other person who performs a public function, including for a State institution or a State- owned company, or who provides a public service;
- Any other person defined as a public officer by the national laws of the Employer.

(c) Corruption of a private person means:

- the act of promising, offering or giving to any person other than a public officer, directly or indirectly, an undue advantage of any kind for himself or for another person or entity, for such person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations; or
- the act by which any person other than a public officer solicits or accepts, directly or indirectly, an undue advantage of any kind for himself or for another person or entity, for such person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations.

(d) Fraud means any dishonest conduct (act or omission), whether or not it constitutes a criminal offence, deliberately intended to deceive others, to intentionally conceal items, to violate or vitiate consent, to circumvent legal or regulatory requirements and/or to violate internal rules in order to obtain illegitimate profit.

(e) Anti-competitive practices means:

- Any concerted or implied practices which have as their object or effect the prevention, restriction or distortion of competition within a marketplace, especially where they (i) limit access to the marketplace or free exercise of competition by other undertakings, (ii) prevent free, competition-driven price determination by artificially causing price increases or decreases, (iii) restrict or control production, markets, investments or technical progress; or (iv) divide up market shares or sources of supply.
- Any abuse by one undertaking or a group of undertakings which hold a dominant position on an internal market or on a substantial part of it.
- Any practice whereby prices are quoted or set unreasonably low, the object of which is to eliminate an undertaking or any of its products from a market or to prevent it from entering the market.
- In all the above circumstances the EMD & Performance Security of the Bidder / Successful bidder shall be forfeited & either excluded from the bidding process or terminated.

Then, = Per Day Cost of Vehicle/No. of Hours Permissible in a Day (C)

i.e. = 1154/10

(Hence, the Value for Extra hour = Rs.115/- Per Hour)

II. Illustration for Calculating the Extra KMs of the Vehicle:

A. Cost of the Vehicle = Rs.30000/- P.M.

B. No. of KMs in a month = 2600 KMs (i.e.100 KMs Per Day)

Then, = Cost of Vehicle(A)/No. of KMs in a Month (B)

= 30000/2600

(Extra KMs after monthly Limit of 2600 KMs) = Rs.11.54 Per KM.

(Note: The value of Extra KM & Extra Hour in the Temporary Hiring of Vehicles shall be applicable on the basis of rates accepted for Monthly hiring of vehicles).
